PLACEMENT BROCHURE (2020-21)

GOVERNMENT POLYTECHNIC, PURNEA (Department of Science & Technology, Govt. of Bihar)

About College

Government Polytechnic ,Purnea is one of the oldest polytechnic in Bihar. It was established in 1960. It is oldest in Koshi zone. It has 30 acres campus. It has the residential facility for principal lecturers, clerks , peons etc. The institution is 03 stories with a large no. of lecture rooms, labs, and a separate workshop. All the labs and workshop are well equipped, proper no. of books are available in the library . It offers the education with latest Technology available in the present area . G.P. Purnea offers the education with the latest Technologies available in the present area like Wi-Fi Campus, Computer Centre, Digital Library etc.).

Principal Desk

Government Polytechnic Purnea has established itself as one of the most esteemed institutes of Koshi area. Established in 1960, GP Purnea has a rich tradition of pursuing excellence and has continually reinvented itself in terms of academic programs. We are a preferred destination for aspiring engineers across the country for the past several years. We highly value our partnership with recruiters, and strive to make their recruiting experience productive and positive. I, on behalf of GP Purnea , invite organizations to visit our institute for campus recruitment.

Dr. Bimlesh Kumar
Principal
GP Purnea

Message from TPO's Desk

The Training and Placement Cell attempts to match the aspirations of the future engineer with the expectations of the industrial sector.

Placement Cell identifies potential companies, makes presentations before select companies and coordinates with students in terms of matching their aspirations.

Some of the focused activities are:

- Maintaining a High Quality Professional environment.
- Career counseling by faculty and trained professionals in different functional areas.
- Arrange industrial training for students.

Saurabh Kumar

Vision & Mission of College

Vision

To excel as one of the leading Technical Institutes, to provide well trained professionals to industries and contribute to nation building through social, economic & technological development of the society”

Mission

- Equip students with technical skills and intellectual capacity to meet the demands of current market challenges.
- Develop values and working attitude in the students.
- Nurture students to excel in their career.
- Enhance intellectual and ethical standards of faculty and staff.
- Upgrade and maintain facilities for quality learning environment.

Courses offered

Electrical Engineering

The Department of Electrical Engineering was established here, as one of the main branch of engineering. The core branch has eminent, experienced and efficient faculties. Labs with modern updated equipments , apparatus and machines is a great source of learning with high tech Electrical System, having adequate facilities like Electrical Machine Lab, Control System Lab, Electrical Measurement Lab, Workshop, Electrical Drawing Halls etc. **The intake capacity is 60 students ,in the branch.**

Electronics Engineering

The Department of Electronics Engineering has eminent, experienced and efficient faculties. State of the art world class labs with modern updated equipment's , apparatus and machines is a great source of learning. Electronics engineering branch is having adequate modern infrastructural facilities, such as Electronics Lab, Workshop, Drawing Halls. **The intake capacity in this branch is of 60 students.**

Mechanical Engineering

Mechanical engineering dept. is one of the oldest and leading departments of GP Purnea. Apart from academics, the students are also trained in various fields of mechanical engineering by hands on experience in workshops. With well equipped laboratories and guides, students get to know the real situation of industries, learn the working principles of various types of machines and equipments and do trouble shootings. **The intake capacity in this branch is of 60 students.**

Civil Engineering

Civil Engineering Department has multifaceted faculties having wide areas of experience in teaching, industrial consultancies, projects and quality control testing works. Civil engineering enjoys the privilege of different well established dedicated laboratories for different areas of specialization. The teachers of the department are engaged in active research and have successfully guided students. **The intake capacity in this branch is of 60 students.**

Computer Sc.Engg

Computer Science Engineering Department has eminent, experienced and efficient faculties. Well equipped labs with modern updated equipment's, apparatus and machines is a great source of learning, having adequate facilities like the Computer Lab, Workshop, Drawing Halls, C++ lab , Java lab , HTML etc. **The intake capacity in this branch is of 60 students.**

Student Activities

Student Co-Ordinator

The following students have been selected to work as Training & Placement Coordinator (TPCs) for the academic session 2020-2021.

Branch	Name of Co-Ordinator
Mechanical Engineering	Prashant Kumar Arpita Bharti
Civil Engineering	Ajitabh Verma
Electrical Engineering	Raj Kumar Swati Priya
Electronic Engineering	Mithun Kumar
Computer Sc. Engineering	Anjali Kumari Triloki Kumar
